Enchanting Weddings in the Slovenian Alps

A fairytale wedding in the Slovenian Alps is accompanied every step of the way by the backdrop of towering mountain peaks. To frame your special day, select a charming old town centre or the majestic countryside, add a

venerable castle, an ancient homestead or a manicured garden as the venue, and the image of your dream wedding will take on exquisite outlines. Colour it with a rainbow of rich history and the traditional customs of Slovenia's Alpine region, supplement it with melodies to warm the heart and spice it up with a wedding feast in which the past and the present will skilfully intertwine. Your wedding in the Slovenian Alps might be accompanied by ancient rites, such as the setting up of a maypole and the traditional *šranga*, at which the groom must fight hard for his bride, or you might prefer to create a completely modern ambience with the Alpine world as your charming framework, but one thing is absolutely certain: you will have an unforgettable wedding in the Slovenian Alps, fully tailor-made in line with your wishes, which will stay in your memory forever.

Bled

A dream wedding with unforgettable views across the lake

The romantic image of Bled beckons betrothed couples to promise each other everlasting love here. It thus comes as no surprise that both locals and numerous foreigners from around the world choose Bled as the venue of their magical wedding day. You can tie the knot while overlooking the blue waters of Lake Bled or in the company of the lord of the castle and his entourage, and you

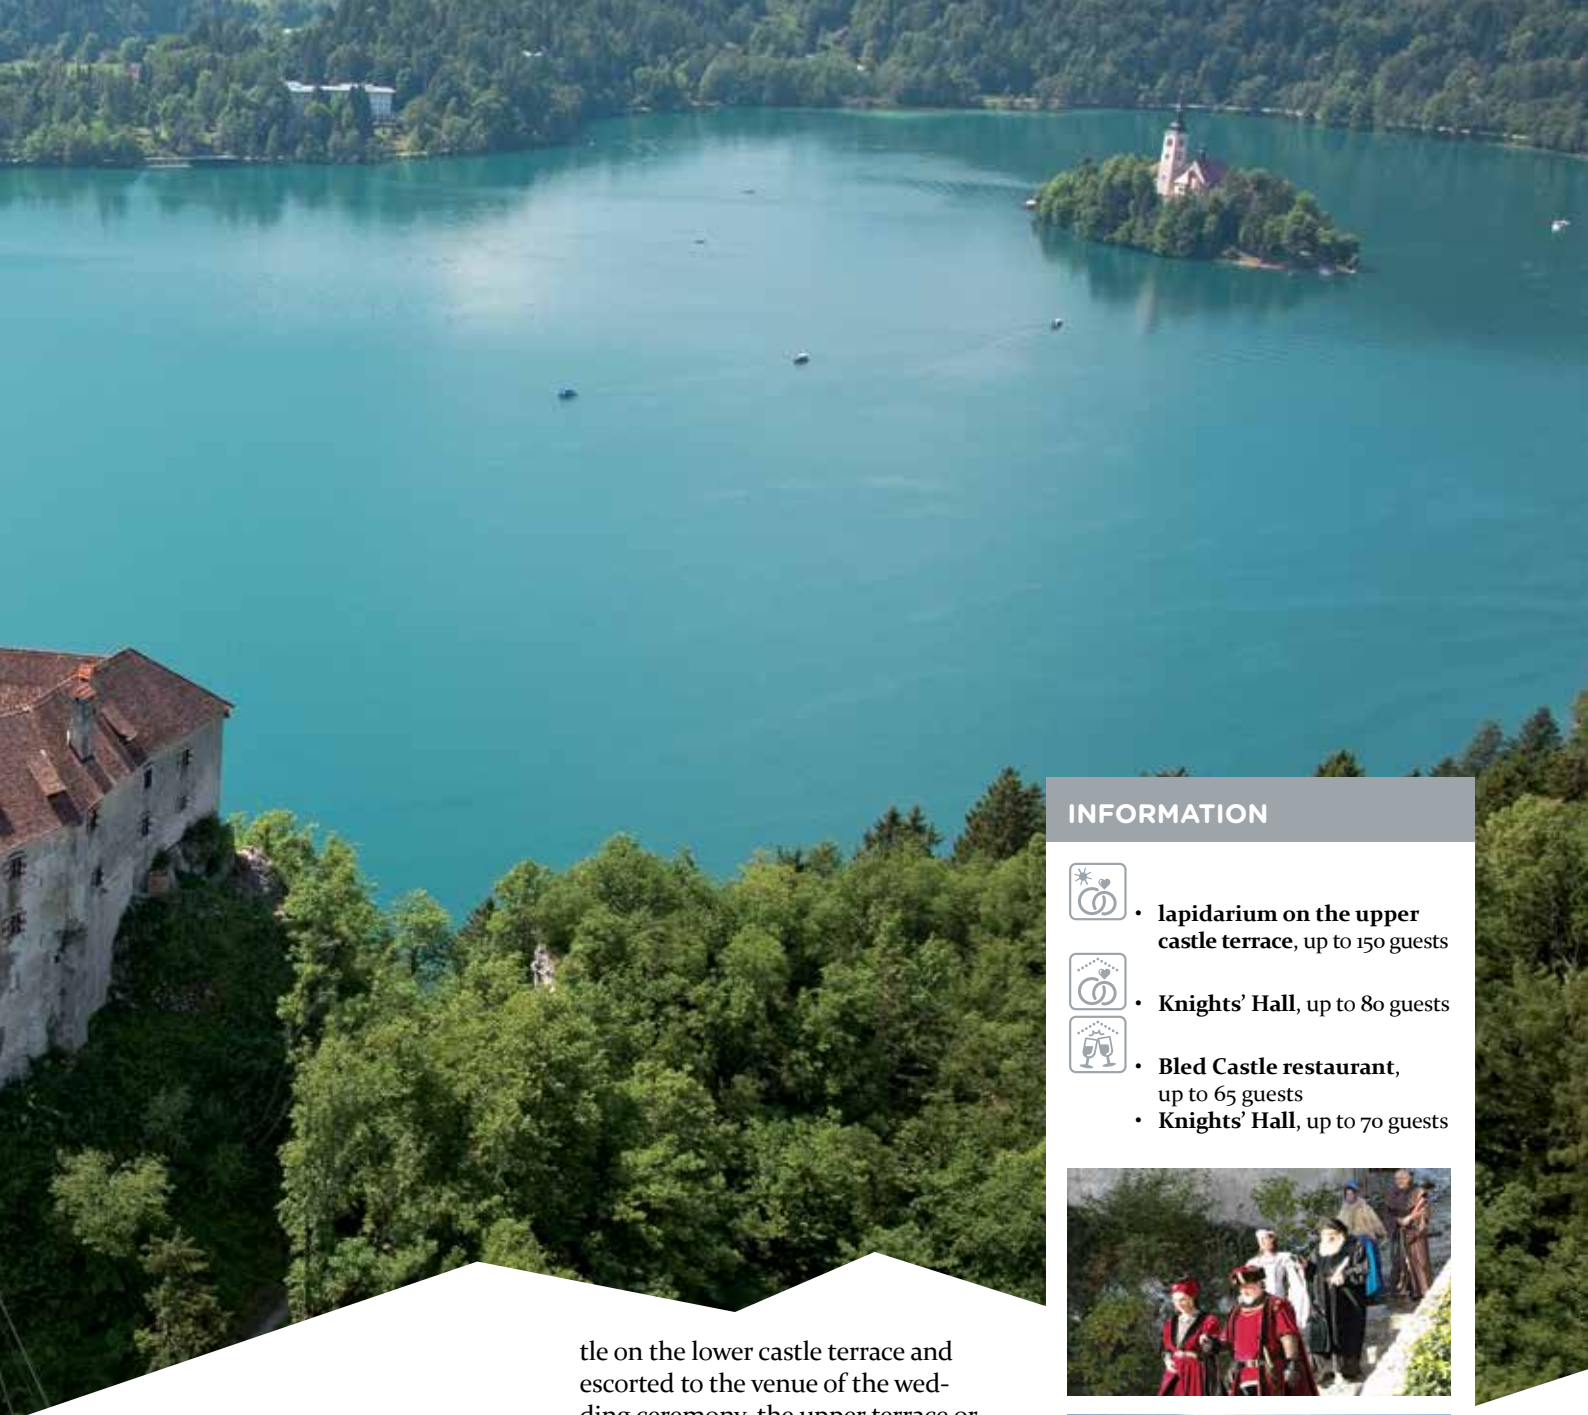

may enrich your day with a ride on a traditional 'pletna' boat to Slovenia's only island, where the first test in the new marriage awaits the groom: for good luck in the marriage, he must carry his bride up all ninety-nine steps leading to the top of the island. The newlyweds may then ring the wishing bell in the island church, which promises to make their dreams come true, and take a horse-drawn carriage from the lake shore to the venue of their wedding reception.

A wedding day at Bled Castle is diverse and different, as it is hard to stand aloof from its historic ambience, with its unique views across Lake Bled and the surrounding peaks. The wedding couple and guests are welcomed by the Lord of the Cas-

tle on the lower castle terrace and escorted to the venue of the wedding ceremony, the upper terrace or the Knights' Hall. Should you wish, your wedding at Bled Castle may be additionally enriched by opening of a bottle of sparkling wine with a sword, a programme of medieval dances, sword-fighting and fire-eating, the printing of a marriage certificate in the castle printing works, the bottling of wine in the castle wine cellar and a visit to the interesting castle forge. To round-off your romantic day perfectly, a wedding reception or dinner may also be organised at Bled Castle. It may be held on the terrace, in the castle restaurant or in the Knights' Hall, where tables will be set up in line with the couple's wishes, a rich culinary offer is available and staff will be happy to assist you to select additional decoration, a photographer and a videographer and to reserve your accommodation in Bled.

Bled Island, an ancient pilgrimage site rising to the heavens from amidst the blue waters of the lake, is a popular venue for the sacrament of holy marriage to couples of the Catholic, Evangelical and Orthodox religions. A ceremony in the festively decorated

church, under the bell of wishes, which carries prayers of the soul to Mary, is a unique blessing from God and may be carried out in various languages, to the sounds of the ancient organ and selected music. By arrangement, civil ceremonies may also be carried out on Bled Island.

After the ceremony, a festive reception is prepared on the lawn in front of the church or in the covered spaces of the gallery, the 'Potičnica' café or the Protocol room, including Slovenian 'potica' cake, top-quality wine and other local delicacies prepared in line with the wishes of the newlyweds. Love and fidelity are the most beautiful presents, and the best presents to Bled Island are married couples who later return to the island with their new families.

Jezersko

Nature at its most beautiful

Jezersko is a green valley, bordered by the garlands of the Kamnik-Savinja and Karavanke Alps, where the views draw your eye to the end of the Earth and the beginning of the sky. The valley, where the soul is soothed, where the eyes rest on natural beauties and where thoughts wander off to the past, was formed by a mighty glacier and filled with a large glacial lake at the end of the ice age, after which the town was named "Pr' Jezer" (By the lake).

Jezersko offers betrothed couples special settings for a unique wedding. Your religious ceremony may be held in the old church, which was first mentioned in writing in 811AD, while your civil services and the wedding reception can be held outdoors, in an ancient barn or in the mighty farmhouse, which all reflect the labour and endeavour of generations of our forefathers. The wonderful natural surroundings of Jezersko also inspire beautiful wedding photos, for which the panorama of the Grintovci range presents a unique and timeless background.

The eight wood-tile covered houses make Šenk's homestead an irreplaceable pearl of alpine architecture which was founded by the ancestors of today's proprietors more than 500 years ago. The owners, loving their heritage, have ensured that the homestead has been preserved in its original image, and are more than happy to share its

rich history with their visitors. The outdoor wedding venue is set in the shade of old trees, and the high peaks of the Grintovci range present a unique backdrop for the wedding ceremony. If the wedding couple so desire, the space may be enriched by a tent or the ceremony can be held on the hayrack. Wedding receptions enriched with the tastes of authentic homemade cooking may also be held at Šenk's homestead, where history comes alive and where the Middle Ages are pleasantly interweaved with the homeliness of Jezersko. All the details of the wedding day are carefully selected in line with the bride and groom's wishes and it is ensured that your wedding will be a truly unique event.

Kranj

Your special day in the capital of the Slovenian Alpine region

Kranj is a pleasant town with a rich history, where the old intertwines gracefully with the new. Narrow streets and the high walls of the town ramparts cloak many stories and treasures in their embrace. The old town core is embellished by bourgeois houses, beautifully laid out streets, manors, churches and houses with richly decorated facades and courtyards. The regional capital is also a town where France Prešeren, Slo-

venia's greatest poet, left his mark, and a cultural vibe can be felt at every step. For your wedding day, you may select the urban framework of Kranj, or venture further afield, where rivers, forests and meadows provide a fabulous backdrop from the natural world. Whichever setting you choose, unforgettable memories are guaranteed.
