

HOLIDAYS ARE BEST WHEN WE ARE SAFE AND HEALTHY.

FOLLOW THE RECOMMENDATIONS FOR PREVENTING THE SPREAD OF INFECTIONS.

Even if you are perfectly healthy, keep a safe distance from other people – 1.5 to 2 metres.

Wash your hands regularly and thoroughly. Use soap and water.

Do not touch your face, especially your eyes, nose and mouth, with unwashed or undisinfectated hands.

If soap is not available, use hand disinfectant containing 60% to 80% alcohol.

Wear a face mask or a scarf covering your nose and mouth in enclosed spaces when required.

Thoroughly air enclosed spaces several times per day.

Practice respiratory hygiene/ cough etiquette. Dispose of tissues in a waste bin after every use, then wash your hands with soap and water.

If you start showing signs of acute respiratory infection, such as a runny nose, feeling unwell, muscle pain, fever and a cough, take care of yourself and others! Notify the reception. Do not stay in rooms with other people, do not go on trips or participate in other activities.

If the spread of respiratory infections and COVID-19 increases, avoid enclosed spaces and large gatherings of people.

Follow the information and recommendations of health professionals.

WELCOME TO GREEN AND SAFE SLOVENIA

www.slovenia.info/covid

THANK YOU FOR RESPECTING THE HEALTH PROTECTION MEASURES, REQUIREMENTS AND RECOMMENDATIONS

The measures and requirements prepared and directed by the National Institute of Public Health on the basis of the epidemiological situation apply throughout Slovenia. The hospitality sector carefully carries out all recommendations for the prevention of infections. In this way, we protect our visitors, employees, and the local community.

SLOVENIA IS ONE OF THE SAFEST COUNTRIES IN THE WORLD

We are proud that Slovenia has been considered one of the safest countries in the world for years. It ranked eighth on the 2019 Global Peace Index, which is the most recent one published. Now we are also maintaining our reputation as a safe country by acting responsibly and protecting public health.

STRIVING FOR A SUSTAINABLE FUTURE

Slovenia was the first country to receive the Green Destination title. Our commitment to the sustainable development of Slovenian tourism is demonstrated by numerous international awards, such as Best of Europe 2020, which Slovenia won within the Sustainable Destination Awards 2020.

WE LOVE TO LIVE AN ACTIVE, HEALTHY, AND GREEN LIFE

The Alps, the Mediterranean, and the Pannonian Plain – Slovenia is the only European country where you can find all three. More than 22 thousand animal and plant species live here. Nearly 60% of Slovenia's surface is covered by forests. Almost 40% of its territory lies in protected areas. There are possibilities for outdoor getaways everywhere. Do not miss the opportunity for an outdoor activity!

WE SWEAR BY BOUTIQUE AND UNIQUE EXPERIENCES

In Slovenia, you can experience, visit, feel or taste something new and unique every day of the year! This is a country of boutique tourism, providing a wide range of five-star experiences. Tell us what you want!

YOU ARE WELCOME IN SLOVENIA!

WE ARE HERE FOR YOU.
