Photography and Video Recording at Events

Photography and video recording may take place at events organised by the Bled Tourist Board. We use photographs and videos to document events, keep the public informed and share what is happening in Bled.

Photos and videos may be published on www.bled.si, our official social media channels and in our publications. Selected photographs may also be used to promote future events where an appropriate legal basis exists.

Our photography mainly focuses on the event, its atmosphere and surroundings. Visitors may appear in wider photographs, while performers, speakers and other participants may also be featured.

Prefer not to appear in photographs?

If you do not wish your identifiable image to be published, please inform the event organiser or contact us at **info@visitbled.si**.

If a photograph featuring you has already been published and you would like to request its removal, please send us a link to the publication. We will review your request in accordance with applicable legislation.
